"Where Education, Industry and Culture Come Together"

Training Attendance Policy

Context

Time off from Kitamaat Valley Education Society's (KVES) Corporate Training courses and/or programs is regulated by several sources, including but not limited to: Student Services Branch, The Department of Human Resources and Skills Development Canada (HRSDC) and the Private Training Institutions Branch (PTIB).

KVES expects that students will attend all classes. If students are unable to attend class, they must follow KVES guidelines for reporting absences.

Procedural Guidelines

A. Attendance Reporting

- 1. Regular attendance is a mandatory requirement of KVES.
- 2. Attendance is taken by instructors first thing in the morning and immediately after lunch and reported to the Corporate Training Manager (*or designate*).
- 3. Training participants must schedule appointments outside of class time or over the lunch hour whenever possible.
- 4. If a participant is going to be absent they must fill out a "Request for Leave" form.

Acceptable reasons to request leave may include but are not limited to:

- a. Medical appointments
- b. Personal commitments such as a wedding or funeral

Request for Leave forms must be:

- a. Filled out in advance of the absence, if possible
- b. Signed by the instructor
- c. Submitted to the Corporate Training Manager (or designate)
- 5. If a participant is ill or will be unexpectedly absent for a class they must:
 - a. Phone the institute **BEFORE** classes begin
 - i. Phone 250-639-9199 and leave a message with Reception/Admin Support
 - ii. Report who is calling and the reason for absence
 - b. If a participant is absent they must fill out an Absence Report Form when they return

"Where Education, Industry and Culture Come Together"

- c. If a participant misses classes **for reasons of illness** *for more than three* (3) *days* they must present a medical note explaining the reason for the absence.
- 6. If a participant is to be late for a class they must also contact KVES via telephone to inform Reception/Admin Support and fill out an Absence Report Form upon returning and return it to the Corporate Training Office

B. Process for Excessive Absences

Participants are expected to regularly attend all classes in which they are enrolled in order to maintain their registered status. Students who do not attend class two (2) consecutive weeks or for more than 10% of the total program time, and who have not made prior arrangements acceptable to the instructor, may, at the discretion of the instructor, be considered to have withdrawn from the course. The spot may be reassigned to another prospective participant from the wait list.

When the limit of allowable absences is being approached, the instructor will give written notice, a copy of which will be placed in the Training Participant File.

Admission to a lecture, laboratory, tutorial, or seminar may be refused by the instructor for lateness, class misconduct or failure to complete required work.

If the participant misses a scheduled examination or submits course work after it is due, for medical or other reasons, they must notify their instructor as soon as possible. To ensure all participants are treated fairly, the instructor will ask for appropriate evidence to support the claim. If the reason for absence is medical in nature, a statement of illness from a doctor may be required.

Failure to provide appropriate documentation to support the claim will usually result in a score of zero (\emptyset) if an exam is missed or a reduced grade which results from the imposition of penalties for overdue assignments.

If a training participant is suffering from long term medical problems or there are other exceptional circumstances which may affect their ability to complete their studies successfully, the participant should notify their instructor as soon as possible. The instructor will work with them to try to develop a schedule that will allow the participant to complete their studies on time.

The process of withdrawal involves the following:

- Completion of a Student Withdrawal form. One copy of which is given to the participant and another copy placed in the Training Participant File.
- Calculations of charges as per the tuition fees and refund policy section, as stated in the enrollment.
